## The WCF2015 Brings a Rare Double Rainbow to The Ellipse

WASHINGTON DC, July 16, 2015 – Children from around the world convened at their 5<sup>th</sup> World Children’s Festival held at The Ellipse next to The White House on June 30<sup>th</sup> to July 2<sup>nd</sup>. The children celebrated their differences and visualized a peaceful and prosperous future for all. In a setting of global community, the workshops by artists and educators, the production and displays of children’s amazing works, the electrifying performances by young musicians and dancers, and the coproduction of peace murals by professional artists and child artists collectively created a synesthetic experience—a total work of art at The Ellipse.
